Remit

(Note here the remit proposition you are putting forward)

Allow the temporary measure to be done 24 hours prior to the show or at show time. Highlighted areas below notes changes

Current Rules

(Note here the specific rules this remit seeks to change. Note also any related rules on which there may be an impact.)

Appendix A – Temporary Measuring Certificates

- f) The show/event issuing the temporary measuring certificate can only do the measures within the timeframe of the show/event. i.e. Measuring days for temporary certificates cannot be held prior to the show/event.

Proposed Change

(Describe the change i.e. "the current rules states 3 days. Our proposal states 2 days. The proposal reduces the waiting period by 1 day.")

Appendix A – Temporary Measuring Certificates

- f) The show/event issuing the temporary measuring certificate can do the measures up to twenty four (24) hours prior to the Show or on the day of the Show, as time permits.

Rationale

(Note here the reason for the remit/ proposal. Note also any circumstances or event which prompted this remit.)

Show time can be very busy, especially with a one day show. The change to the remit allows flexibility to do measuring the day before the show if required, and/or at show time.

Contra

(What might be the downsides or negative consequences of adopting this remit/proposal?)
